

Claire-Anne Reix, *Chairman;*
SAFE CLUSTER

Graduated from Ecole des Mines of Alès, **Claire-Anne Reix** started her career as a manager of satellite facilities at Aerospatiale. Later she moved on to working at Alcatel Space and Thales Alenia Space where she was Responsible for manufacturing, integration, tests and quality activities, telecommunications, observation or space exploration satellites.

In 2005, Claire-Anne Reix was named GMES/Copernicus Corporate Director. Since this year, she has been appointed as Copernicus Data and services exploitation Director at Thales Alenia Space.

She recently took over the Chairmanship of SAFE, the French cluster in charge of security, safety, environment, as well as aerospace.
