

## PRESS INVITATION

### Investor Meet-up

4 December 2018 at 17:30

The EU Space Week team, comprising the European GNSS Agency (GSA), the European Commission and CNES (French Space Agency), has the pleasure of inviting you to participate in a special **Investor Meet-up** that will take place on **Tuesday 4 December** 2018 as part of European Space Week in **Marseille**.

Space start-ups are attracting global interest from investors wishing to tap into fast-growing markets with the potential to disrupt industry verticals. At this event, entrepreneurs with the best ideas that use data and signals from the European space programmes will pitch their ventures to investors, officials and the media.

During the meet-up, the top-9 start-ups from the Copernicus Start-Up Programme, the EGNSS Accelerator and the CNES ecosystem will present their visions and discuss their investment need. This is a unique chance to meet with the founders of innovative space companies and to learn more about concrete projects that are both operational and sustainable from a business point of view.

### Agenda

- **17:30 – 17:35:** Welcome by Pierre Delsaux, Deputy Director General at DG Grow, European Commission;
- **17:35 – 17:45:** European Union actions for SME development, Fabrice Comptour, Member of European Commissioner Bieńkowska's Cabinet;
- **17:45 – 17:50:** Expectations and challenges for investment in EO and E-GNSS scalable markets, Investor;
- **17:50 – 18:55:** Elevator pitches of the top-9 start-ups in front of panel of investors and market experts
- **18:55– 19:00:** Concluding remarks by Lionel Suchet, Chief operating Officer, CNES.

There will be a limited number of places available at this event. To book, register to attend European Space Week [here](#), and then click on the Investor Meet-up event to confirm your participation. We look forward to welcoming you to Marseille in December, so register now to discover how space is connecting the future!
