

Francisco Javier Gómez Díaz,
Mission Performance Manager, ESSP-SAS

Javier Gómez was graduated as a telecom engineer in 1993 from the University of Alcalá (Spain). He started his professional career in 1994 in Aena. He contributed to the development of the EGNOS program, being the user support facility manager from 2005 until 2009. Since 2009 he is working in the ESSP-SAS as the Mission Performance Manager, coordinating the Mission Performance team for the monitoring, analysis and reporting of user performance and for the receiver standardisation, interoperability and evolution within the EGNOS Service Provision. He contributed to the certification of ESSP-SAS and to the declaration of EGNOS for its use in Safety of Life applications.
