

Jean-Pierre Rivet, *Director, Commercial Systems Marketing, Europe, Middle East, Africa; Rockwell Collins*

Jean-Pierre (JP) Rivet is the director of technical marketing for Rockwell Collins Commercial Systems, covering the Europe Middle East and Africa region, responsible for Rockwell Collins avionics products across air transport and business aviation platforms. Currently based in Toulouse but originally from the UK, JP studied aerospace engineering at the University of the West of England, and through 18 years of experience at Rockwell Collins, has occupied roles including field engineering, customer support, avionics certification, program management, and technical sales.

He has held his current position since 2015.
