

**Pascal Lhoest**, *Regulatory Affairs Executive,*  
*NetJets Europe*

**Pascal Lhoest** is currently working for NetJets Transportes Areos as Regulatory Affairs Executive as well as flying as Captain on the Gulfstream 550. He has held senior managerial roles, including Director of Flight Operations and Director of Training and Standards, since joining NetJets in 2004.

Lhoest started his career in the Belgium Air Force, where he went through the academy and spent 12 years as a pilot and an instructor on the F-16 and T-38 followed by 6 years with Sabena and SN-Brussel airlines as a pilot and an instructor while also keeping his Air Force reserve staff duties.

In addition, he is also supporting EBAA on business aviation needs and has been appointed as alternate representative for all airspace users to SESAR Master Planning Committee.
